**Performance Shipping Inc. Announces Completion of Sale and Delivery of M/T P. Alik
to New Owners**

ATHENS, GREECE, September 17, 2026 - Performance Shipping Inc. (NASDAQ: PSHG) (“Performance Shipping” or the “Company”), a global shipping company specializing in the ownership of tanker vessels, today announced that, through a separate wholly-owned subsidiary, it has completed the previously announced sale of the 2010-built, 105,304 dwt Aframax tanker vessel M/T P. Alik, with the successful delivery of the vessel to her new owners. The M/T P. Alik was debt-free at the time of her delivery to the new owners, following the Company’s prepayment of approximately US\$12.8 million to Alpha Bank in July 2026 in connection with the sale.

As previously announced on April 14, 2026, the gross sale price of the vessel was US\$42.65 million. The Company acquired the M/T P. Alik in the fourth quarter of 2022 for a gross purchase price of US\$36.5 million and operated the vessel profitably for approximately four years.

Commenting on the delivery, Andreas Michalopoulos, the Company’s Chief Executive Officer, stated:

“The sale of the M/T P. Alik reflects our disciplined approach to fleet renewal. We continue to focus on the timely disposals of vessels at historically high asset values to monetize older tonnage. The net proceeds from this transaction, estimated at approximately US\$30 million including the vessel’s debt prepayment, together with our existing strong liquidity position, are expected to support our ongoing fleet expansion program, almost fully covering our remaining newbuilding commitments. With our first LR1 newbuilding expected

to be delivered in early 2027, followed by our two Suezmax newbuildings in late 2028 and early 2029, we remain committed to operating an attractive, modern, high specification and energy efficient fleet.”

About the Company

Performance Shipping Inc. is a global provider of shipping transportation services through its ownership of tanker vessels. The Company employs its fleet on spot voyages, through pool arrangements, and on time charters.

Cautionary Statement Regarding Forward-Looking Statements

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include, but are not limited to, statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts including with respect to employment of our fleet and vessel deliveries. The words “believe,” “anticipate,” “intends,” “estimate,” “forecast,” “project,” “plan,” “potential,” “will,” “may,” “should,” “expect,” “targets,” “likely,” “would,” “could,” “seeks,” “continue,” “possible,” “might,” “pending” and similar expressions, terms or phrases may identify forward-looking statements.

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including, without limitation, our management’s examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs, or projections.

In addition to these important factors, other important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include, but are not limited to: the strength of world economies, fluctuations in currencies and interest rates, general market conditions, including fluctuations in charter rates and vessel values, changes in demand in the tanker shipping industry, changes in the supply of vessels, changes in worldwide oil production and consumption and storage, changes in our operating expenses, including bunker prices, crew costs, drydocking and insurance costs, our future operating or financial results, availability of financing and refinancing including with respect to vessels we agree to acquire, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, the

length and severity of epidemics and pandemics, including COVID-19, and their impact on the demand for seaborne transportation of petroleum and other types of products, general domestic and international political conditions or events, including “trade wars”, armed conflicts including the war in Ukraine and the war in the Middle East, the imposition of new international sanctions, acts by terrorists or acts of piracy on ocean-going vessels, potential disruption of shipping routes due to accidents, labor disputes or political events, vessel breakdowns and instances of off-hires and other important factors. Please see our filings with the US Securities and Exchange Commission for a more complete discussion of these and other risks and uncertainties.
